

T5 T8 T12

FEATURES

- Reflectors available in baked enamel solid top or apertured for 10% uplight.
- Deep, "full contour" reflector ribs and smooth, full length side lips provide maximum rigidity and clean appearance
- Reflectors attach to housing with out tools by captive fasteners - provide positive locking action
- Rugged end plate doubles as a joiner for end-to-end mounting

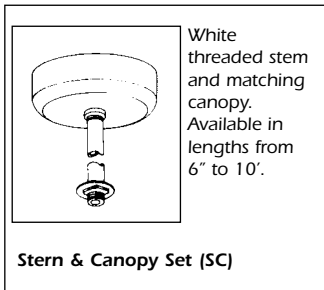

SPECIFICATIONS

BODY: Die formed of 22 gauge steel, rigidity reinforced in 2', 3', 4', 6', or 8' lengths

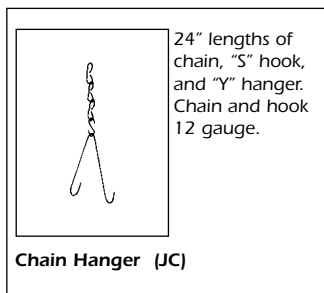

FINISH: All metal part phosphorize undercoated before finishing. Reflecting surfaces finished in baked white enamel.

MOUNTING: Surface, stem or chain individual or continuous.

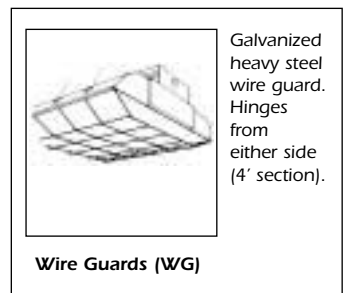

ELECTRICAL: All electrical components are U.L. approved. Ballasts for T12 HO and VHO lamps are Magnetic. Ballasts for T5, T5HO, and T8 lamps are Electronic. All ballasts are CBM-ETL certified.

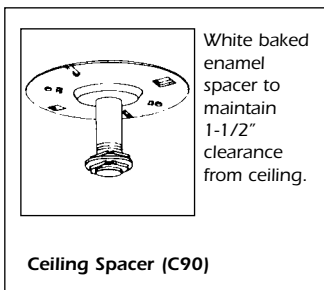

Stern & Canopy Set (SC)

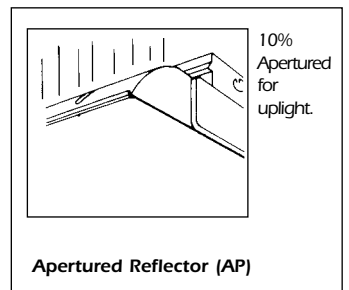

Chain Hanger (JC)

Wire Guards (WG)

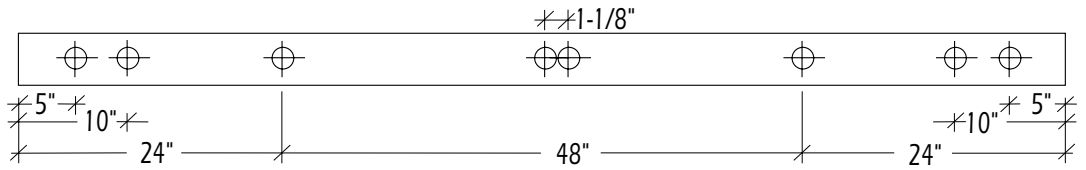

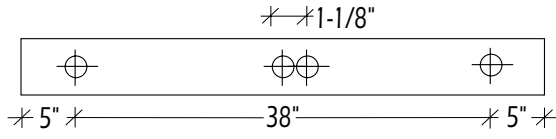

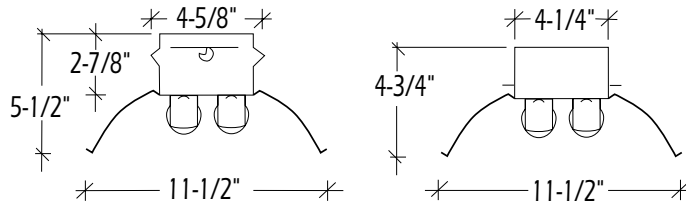

Ceiling Spacer (C90)

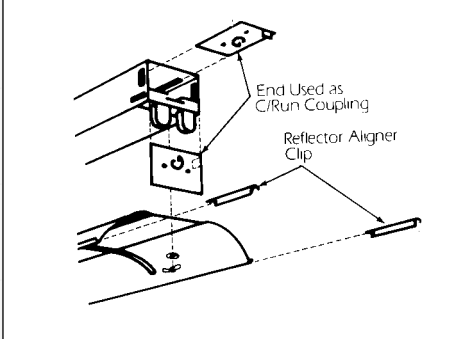

Apertured Reflector (AP)
